

Do it yourself versio

Starting at the top (C Major), count 5 letters away (forward), to reach the next Key, (eg. G Major). Carrying on in the same way will take you round the Circle of 5ths on the Sharps (#) side. To go round the Flats (b) side, count 5 letters away (backward), again taking C Major as your starting point.

A good way to remember the order of sharps and flats is to remember the following acronym:
